Beverages will be milk, water and coffee. Going to ask Lions Club if it would be possible to borrow long tables to use in place of the Legion's round tables.
- The Legion has space for 230 guests. An internet survey will be sent out to Cub Scout families to get an approximate number of attendees to determine if there is space for scouts to invite extended family members.
- The entertainment for the evening will be an interactive comedy magician.
- Each Den will need to have 4 parent volunteers to assist with Clean Up.
- Charlie Niven will end the evening with a message about "Leave No Trace".
- Placemats will be printed for the event with a coloring sheet / activity on the back. Program will be adapted from last year.

Webelos Crossover recap and feedback

Crossover was well attended, but could have been better planned. We hope that new leadership in the Troop yields a more organized program moving forward.

Storage Update

There is a storage unit for the Pack. Mike and Charlie have keys. Contact them if you have Pack property so we can have it brought to storage and it can be inventoried.

District Roundtable news from January 5th

Webelos Woods has been scheduled for May 4 – 5.

Family Camp

At District Roundtable on January 5th, Mike Bailey was informed that the Webelos Woods would be on May 4-5 which is the same dates as family camp at the same location. Discussion occurred as to whether the pack should:

- a. Find a different camp
- b. Stay at the same camp with a risk of competing for activities with the Webelos
- c. Switch camp sites
- d. Switch dates

After discussion by those in attendance, it was determined that the dates should stay the same and Denise and Shawn would look for an alternative site with Kiwanis being a possible option.
